

MISSING

Missing since May 21, 2013 from San Francisco, CA

SEAN ISAAC SIDI

Age Missing: 19
D.O.B.: April 16, 1994
Height: 5'5"
Weight: 120 lbs
Hair Color: Dark Brown
Eye Color: Dark Brown
Gender: Male
Race: Biracial

Identifying Characteristics: He is Asian and Caucasian. Sean has bright silver dental braces on his teeth; dimples; scar on right side of forehead from brain surgery; and right eye droops slightly.

Clothing/Jewelry: A black and grey Northface rain jacket with a hood; blue jeans; black canvas slip-on shoes. He was wearing a black removable splint on his left hand.

Medical: Sean suffered a severe traumatic brain injury several months prior to his disappearance. He needs urgent medical care.

Circumstances: Unknown. His photo at right is aged to 23 years. Sean went to visit a former high school teacher at 150 Oak Street in San Francisco around 11:40 a.m. Sean spoke to his father at 1:38 p.m. that day. Sean's cell phone went dead at 2 p.m. the same day and he has not been heard from since. Sean's last phone call was 'pinged' at the eastern end of Golden Gate Park. Despite distribution of 30,000 fliers, media coverage and several searches, Sean still has not been located, and his case remains unsolved.
