

The GINA Foundation presents the 9th Annual Squeaky Wheel® Tour from October through November, 2014

Events around the world will unite to make noise and raise public awareness of the alarming number of missing people internationally with hopes of bringing home those waiting to be found.

FOR IMMEDIATE RELEASE

OCTOBER 6, 2014 - Indiana Artist [Rusty Bladen](#) will perform for the [The Squeaky Wheel® Tour](#), an annual internationally acclaimed concert series created by the [GINA for Missing Persons FOUNDation](#), which raises awareness for the staggering number of people who vanish every year. The show information for Rusty is below.

The **GINA FOUNDation** and subsequently the **Squeaky Wheel® Tour**, was created by **Jannel Rap** in honor of her sister, **Gina Bos**. Both musicians, Gina mysteriously disappeared from Lincoln, Nebraska 14 years ago on October 17, 2000 after a performance. Her car was found the next day with her guitar in the trunk, but there was no sign of Gina. She has not been seen since. Jannel realized during her attempts to find her own sister that so many families were facing the same hurdles - their loved ones simply vanishing with little or no drama to gain the much-needed, ongoing attention and interest of the media for the disappearance of that person. Jannel had to do something to change that. In 2001, she launched the **GINA FOUNDation**, which held *GINA Concerts* and, starting in 2006, the annual **Squeaky Wheel® Tour**. Through the collective efforts of cooperating nonprofits, law enforcement, artists, audiences, families of the missing and the media that support this much needed work, the **Squeaky Wheel® Tour** brings awareness to the missing. The public supporting the events are the critical factor that helps to bring the tips in for law enforcement to assist in finding those waiting to be found.
