Since April 10, 2019 from Sullivan, Missouri

BETTY LOU ALEXANDER

Age Missing: 69

D.O.B.: October 22, 1949

Height: 4'11"

Weight: 145 lbs.

Hair Color: Brown

Eye Color: Blue

Gender: Female

Race: Caucasian

Identifying Characteristics: She has blonde highlights in her hair. She has a scar along her back (spine) from surgery.

Circumstances: Betty was last seen at her apartment on Wednesday, April 10, 2019. She is suffering from the beginning stages of dementia, but her doctor said that without her medication, you would not see much of a difference because the dosage was so low. Her home physical therapist was unable to reach her by phone the next day, and Meals on Wheels stated that when they came that Friday the door was ajar, but they did not see Betty. They left the meal and the door open when they departed. When her daughter arrived on Sunday at 4:30 pm to pick Betty up, the door was locked. Her daughter checked the apartment where she found her Meals on Wheels on the table and the milk still warm. Betty's glasses were sitting on the arm of her recliner and her purse with all her belongings including her ID, cards and keys was in the apartment. None of her neighbors had seen her since Wednesday. A grid search by foot and by K-9 units as well as a helicopter and drone search did not reveal any clues as to her whereabouts.
