SANDY JARDINE DAVIDSON

Age Missing: 3
D.O.B.: May 28, 1972
Height: Unknown
Weight: Unknown
Hair Color: Blonde
Eye Color: Unknown
Gender: Male
Race: Caucasian

Circumstances: Unknown. His photo at above right has been age-progressed. Sandy Davidson was in his garden with his little sister Donna playing with their dog. They were being looked after by their grandparents, who had gone inside the house at the time. The gate flew open and their dog ran out. Sandy ran out trying to catch him. His sister Donna says that all she can remember was Sandy motioning for her to go to but she refused and went into the house to tell their grandparents. He has not been seen since. The most believed scenario is that there was a man delivering leaflets around the time of Sandy's disappearance for a couple of days and that he could have opened the gate and taken Sandy. Another theory is that he ran down to the river five minutes away and followed the dog in, and subsequently drowned. His whereabouts remain unknown and his case remains unsolved.
