

MISSING

Missing since September 1, 2006 from Salt Lake City, UT

PIORTR DRABIK

Age Missing: 34

D.O.B.: May 14, 1972

Height: 6'1"

Weight: 175 lbs

Hair Color: Brown

Eye Color: Brown

Gender: Male

Race: Caucasian

Identifying Characteristics: He has closely cropped dark hair and wears a goatee and mustache, and glasses with wire oval frames. He also has a bird-like cross tattoo on his upper left arm. He speaks Polish, English and Russian.

Clothing/Jewelry: Bright green shirt, dark green pants, bright green jacket, carrying a red backpack and two hiking sticks.

Circumstances: Unknown. Dr. Drabik resides in Canada and was last seen at the Salt Lake City Airport. Delta Airlines notified law enforcement that Drabik did not board his connecting flight to Hawaii. Drabik is a noted scientist and minor celebrity in his native Poland. His specialties include molecular biology and chemistry. At the time of his disappearance, he was working as a post-doctoral fellow at the National Institute for Nanotechnology in Alberta, Canada. His disappearance remains unsolved.
