Missing since April 30, 1980 from St. Ignatius, MT

MEGAN GINEVICZ

Age Missing: 2

D.O.B.: Jan 12, 1978

Height: 2'1"

Weight: 25 lbs

Hair Color: Brown

Eye Color: Blue

Gender: Female

Race: Caucasian

Circumstances: Unknown. Her photo is shown age-progressed to 38 years. She was last seen playing in an unfenced yard which was located in a remote, wooded area in St. Ignatius, Montana. She disappeared from the yard while her mother was inside doing chores, and has never been seen again. Investigators do not believe Ginevicz was abducted. Police believe she probably wandered off and met with an accident. It rained and snowed for ten days after her disappearance and she could not have survived long in that weather. An extensive search turned up no sign of her. Ginevicz's father believes she was kidnapped. Her case remains unsolved.
