**Height:** 5'6"

**Weight:** 120 lbs

**Hair Color:** Brown, bleached blonde

**Eye Color:** Green

**Gender:** Female

**Race:** Caucasian

**Identifying Characteristics:** Pierced ears, missing molars #14 and #16, possibly pregnant at time of disappearance but not confirmed.

**Circumstances:** Unknown. She was last seen leaving work at the old Windmill Restaurant at Highway 41 and 57 in Gibson County on October 16, 1974. She was seen leaving in her two-door green 1966 Ford Galaxy with Indiana License #26B2953 and VIN #6W66X173520. She has never been seen again and her car has never been located. Two witnesses that worked with Debra that evening stated they saw her speaking to a man in the restaurant before she left. The two left at the same time, but it is not known if Wilhite agreed to give him a ride. Because Wilhite left home for days at a time on occasion, she was not reported missing until several days after her disappearance. Her case remains unsolved.
